<b>TO INTERNATIONAL AQUA FOODS USA, INC.</b>	<b>)</b>	

On December 3, 1999, Maine Aqua Foods, Inc. made application for transfer and consolidation of two aquaculture leases (tracts: 575-05, 553-07, 554-07, 555-07, 556-07), granted to Maine Aqua Foods, Inc. on September 2, 1997, to International Aqua Foods USA, Inc.

The aquaculture lease allows Maine Aqua Foods, Inc. the right to cultivate Atlantic salmon, rainbow trout, Atlantic halibut, cod, haddock, flounder, mussels, scallops, soft-shell clams, American oysters, European oysters, and nori using pen and suspended culture techniques on a 22 acre lease site located south of Kendall Head, Johnson Cove, Eastport, Washington County, Maine.

Notice of the application was published in the January 2000 issue of Commercial Fisheries News and the December 24, 1999 and January 14, 2000 issues of the Quoddy Tides.

The public and interested parties were given to January 24, 2000 to request a hearing on the application for transfer. No requests for a hearing on the application for transfer were received by the Department either on or before January 24, 2000, or at any time subsequent, up to the date of this decision.

Applications for transfer of interest in aquaculture leases are governed by 12 M.R.S.A. §6072(12)A, which provides that a lease may be transferred if the transfer is not for speculative purposes.

Section 2.60(C) (3) of the Department of Marine Resources regulation dealing with aquaculture leases, indicates that "speculative purposes" shall be found to exist whenever the owner of a lease to be transferred has not conducted any substantial aquaculture on the lease sites, including, but not limited to, seeding, cultivation, or harvesting organisms.

Based on the information contained in the original application and evidence taken at the original hearing and the application for transfer, it appears that the transfer for lease interest in this instance will not violate Section 7 or Section 8, nor be for speculative purposes.

**Decision**

The Commissioner of Marine Resources grants the application of Maine Aqua Foods, Inc. to transfer and consolidate the leases granted to Maine Aqua Foods, Inc. by the Department of Marine Resources on September 2, 1997 for 22 acres located south of Kendall Head, Johnson Cove, Eastport, Washington County, Maine to International Aqua Foods USA, Inc. In assuming this lease, International Aqua Foods USA, Inc. is subject to the same terms, conditions, and obligations as set forth in the original leases.
